Subject: [REDACTED] Sampling

Jerry/Den,

here's the residential sampling information for the [REDACTED] Residence.

The attached jpg file shows our 4 corners of the 9 square mile area of the current site area. As you can see, the [REDACTED] are approximately 1.5 miles west of this area. The [REDACTED] have been sampled by Cabot. They had couple of days of fizzing back in October 2009. [REDACTED] and are reporting a lot of health concerns and concerns with their water and would like EPA to perform the sampling.

Let's discuss this when you have a chance.

Rich
